

# Patient Assistance for Rural Areas

- Adults & children with hardship in traveling for medical care
- Volunteer pilots fly patients from small airports to hospitals
- No costs to patients with financial need

The mission of Angel Flight East is to provide free air transportation to qualified patients and their families by arranging flights to distant medical facilities, delivering supplies to disaster areas, and reuniting families during desperate times.

**Rural & Rare Reach** is an initiative supported by the AmerisourceBergen Foundation which aims to broaden access to available high-level medical care for rural patients, and people with cancer and rare diseases.

To request a flight, please visit [www.angelflighteast.org](http://www.angelflighteast.org) or call 215-358-1900
